Apply To:

Position: **Web App Developer**

Address:

## **COVER LETTER**

Dear, Sir/Madam:

My name is Boromey Ouk, student from **University of South-East Asia**. I am very excited to apply for **Web App Developer** position at your organization, so it has always been a passion of mine. As a highly organized and detail-oriented individual, I am confident in my ability to make a positive contribution to your team.

Over the past few years, I have gained valuable experience in the field of Information Technology. I worked for eight months as an **IT Support and Code Technical Staff**, where I developed strong problem-solving skills in both hardware and software, as well as practical knowledge in networking. I also spent one year as a **Web App Developer at eSoftix (ESTC)**, where I further strengthened my technical abilities and improved my teamwork skills. My studies in **CCNA1** and **CCNA2** have also deepened my understanding of network configuration and IT systems.

Through these experiences, I have developed both technical and soft skills that I believe will help me succeed in this role. My technical skills include proficiency in Microsoft Office (Word, Excel, PowerPoint), Canva, Windows, and basic configuration of routers and switches. In addition, I bring strong time management, communication, teamwork, responsibility, and flexibility—skills I have built through academic projects and professional work.

Additionally, I joined other workshops like, project management, leadership, internship/career, and one more thing about visiting a company also. I feel like joining the workshop made me confident and strong person. I can get them to apply to different situations. Because of some tasks provided by teachers, I firmly believe that I can work for your Company in this position (**Web App Developer**).

I would like to meet with you to discuss job opportunities you are available. If so, I hope to schedule an interview at a mutually convenient time. I look forward to speaking with you. You can reach me by phone number or email address.

Thank you for your consideration.

Best regard,

**Boromey Ouk**
